New Zealand	Registered	Fusion HVAC	798309	798309	11 & 42	Class 11: Apparatus and installations for heating, ventilation and air conditioning Class 42: Engineering and design services, including engineering and design services in relation to heating, ventilation and air conditioning apparatus and installations
China	Registered	Fusion HVAC	7031876	7031876	11	Class 11: Apparatus and installations for heating, ventilation and air conditioning
China	Registered	Fusion HVAC	7031877	7031877	42	Class 42: Engineering services, including engineering services in relation to heating, ventilation and air conditioning apparatus and installations; industrial design; packaging design services; styling (industrial design); industrial design in relation to heating, ventilation and air conditioning apparatus and installations; packaging design services in relation to heating, ventilation and air conditioning apparatus and installations; styling (industrial design) in relation to heating, ventilation and air conditioning apparatus
Malaysia	Registered	Fusion HVAC	2008-22302	08022302	11	Class 11: Apparatus and installations for heating, ventilation and air conditioning
Malaysia	Registered	Fusion HVAC	2008-22303	08022303	42	Class 42: Engineering and design services, including engineering and design services in relation to heating, ventilation and air conditioning apparatus and installations
China	Registered	富成	7031878	7031878	11	Class 11: Apparatus and installations for heating, ventilation and air conditioning
China	Registered	富成	7031881	7031881	42	Class 42: industrial design; packaging design; styling [industrial design]; industrial design in relation to heating, ventilation and air conditioning apparatus and installations; packaging design services in relation to heating, ventilation and air conditioning apparatus and installations; styling [industrial design] in relation to heating, ventilation and air conditioning apparatus and installations
USA	Registered	Fusion HVAC	77/926,641	4196299	11 & 42	Class 11: Apparatus and installations for heating, ventilation and air conditioning, namely, reverse cycle heating installations, ventilating exhaust fans, air conditioning installations, air diffusers, air jet nozzles, and air jet outlets, all for commercial use, excluding solar powered heating apparatus and installations and apparatus and installations using wood and biomass fuels
Australia	Registered	FUSION MODULAIR	1672120	1672120	11 & 42	Class 11: Apparatus and installations for heating, ventilation and air conditioning Class 42: Engineering services, engineering and design services in relation to heating, ventilation and air conditioning apparatus and installations
IR	Registered	FUSION MODULAIR	1253240	1253240	11 & 42	Class: 11 Apparatus and installations for heating, ventilation and air conditioning Class: 42 Engineering and design services, including engineering and design services in relation to heating, ventilation and air conditioning apparatus and installations
IR designating China	Registered	FUSION MODULAIR	1253240	1253240	11 & 42	Class: 11 Apparatus and installations for heating, ventilation and air conditioning Class: 42 Engineering and design services, including engineering and design services in relation to heating, ventilation and air conditioning apparatus and installations
IR designating European Union	Registered	FUSION MODULAIR	1253240	1253240	11 & 42	Class: 11 Apparatus and installations for heating, ventilation and air conditioning Class: 42 Engineering and design services, including engineering and design services in relation to heating, ventilation and air conditioning apparatus and installations
IR designating India	Refused	FUSION MODULAIR	3148968	N/A	11 & 42	Class: 11 Apparatus and installations for heating, ventilation and air conditioning Class: 42 Engineering and design services, including engineering and design services in relation to heating, ventilation and air conditioning apparatus and installations
IR designating Japan	Registered	FUSION MODULAIR	1253240	1253240	11 & 42	Class: 11 Apparatus and installations for heating, ventilation and air conditioning Class: 42 Engineering and design services, including engineering and design services in relation to heating, ventilation and air conditioning apparatus and installations
IR designating New Zealand	Registered	FUSION MODULAIR	1022279	1022279	11 & 42	Class: 11 Apparatus and installations for heating, ventilation and air conditioning Class: 42 Engineering and design services, including engineering and design services in relation to heating, ventilation and air conditioning apparatus and installations
IR designating Singapore	Registered	FUSION MODULAIR	40201510919 V	4020151091 9V	11 & 42	Class: 11 Apparatus and installations for heating, ventilation and air conditioning Class: 42 Engineering and design services, including engineering and design services in relation to heating, ventilation and air conditioning apparatus and installations
IR designating USA	Registered	FUSION MODULAIR	79167782	4911476	11 & 42	Class: 11 Apparatus and installations for heating, ventilation and air conditioning, namely, reverse cycle heating installations, ventilating exhaust fans, air conditioning installations, air diffusers, air jet nozzles, and air jet outlets, all for commercial use, excluding solar powered heating apparatus and installations and apparatus and installations using wood and biomass fuels
